

# UNEP and Right to Healthy Environment

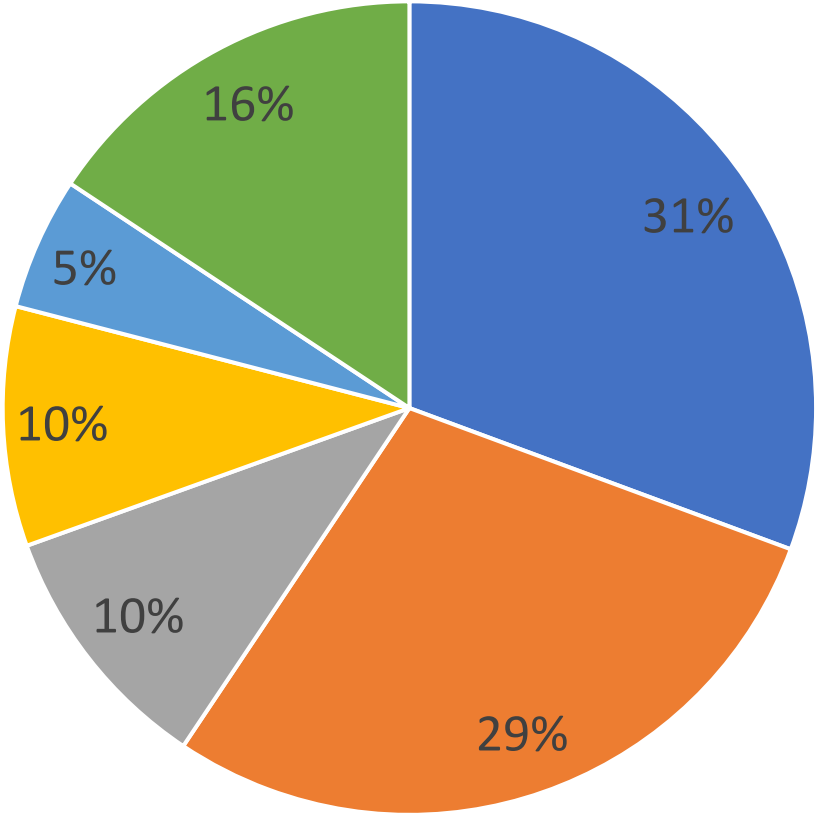

**Inger Andersen** ✓ @andersen\_inger · Jul 1  
Read powerful speech by @mbachelet, @UNHumanRights chief. Indeed, it is time to recognize human right to healthy environment: To a safe & stable climate; a toxic-free environment; clean air & water; safe & nutritious food. #ForPeopleForPlanet

**UN Human Rights** ✓ @UNHumanRights · Jul 1  
It is time for global recognition of the human right to a healthy environment. A recognition that can lead to stronger policies, at all levels to protect our planet and our children – UN Human Rights Chief @mbachelet tells @UN\_HRC at #HRC44.

# Right to Healthy Environment in UPR Cycle 3 (Sessions 27 – 35)

Work towards raising awareness of the <b>right to a safe environment</b> through participation and cooperation among all partners
Continue the application of the rights related to good living including food sovereignty and <b>healthy environment</b>
Promote the <b>right to health and to a clean environment</b> of the people in the Aral Sea area
Continue promoting in the international sphere the <b>right to a healthy environment</b> , and the fight against <b>climate change</b>
Re-establish the <b>right to a healthy environment</b> , prohibiting the destructive exploitation of the <b>environment</b> , particularly in the territories of indigenous people
Sign and ratify the Cartagena Protocol on Biosafety to the Convention on <b>Biological Diversity</b> in order to guarantee the <b>right to health and to a healthy environment</b>
Guarantee the right to a safe environment
Continue to strengthen policies and measures in the field of the right to live in a <b>non-polluted environment</b>
Continue to improve public facilities including access to clean water and a <b>healthy environment</b> for a decent livelihood, as well as to incorporate an inclusive and social infrastructure component into public works projects
Take decisive action to respect, protect and fulfil the <b>right to a healthy and sustainable environment</b> , including in areas such as water management, safeguarding of <b>natural resources</b> and the protection of <b>natural reserves</b>
Continue efforts to ensure a <b>healthy environment</b> for all
Take all steps to respect and protect the constitutional <b>rights to a healthy environment</b> and intergenerational equity
